Fiscal Year 2019–2020 Accountability Report

SUBMISSION FORM

AGENCY MISSION	The South Carolina Sea Grant Consortium generates and provides science-based information to enhance the practical use and conservation of coastal and marine resources that foster a sustainable economy and environment for the state of South Carolina and its citizens.
-----------------------	--

AGENCY VISION	<p>Vision for the Coast Looking toward the future (next 25 years), the Consortium envisions a thriving South Carolina where the following statements are true:</p> <ol style="list-style-type: none"> 1. Communities are employing strategies to manage growth associated with coastal population growth and diversification in ways that conserve coastal and marine resources, support a vigorous and inclusive economy, and preserve a high quality of life for their citizens. 2. Decision-makers are incorporating scientific information as they make choices about coastal growth, ecosystem health, and public safety. 3. Coastal and marine resources are healthy, vital, and abundant. 4. Children (our leaders and workforce of the future) are knowledgeable about the importance and limitations of coastal and ocean resources. 5. People across the state and region are informed about coastal and marine resource issues, and practice good stewardship of resources. 6. Individuals, businesses, and governments fully understand and anticipate the coastal risks that confront them and act responsibly to reduce those risks. <p>Vision for the Consortium The South Carolina Sea Grant Consortium is...</p> <ul style="list-style-type: none"> ▪ The best Sea Grant College Program in the Nation. ▪ One of the most efficiently and effectively managed agencies within the state of South Carolina.
----------------------	---

Does the agency have any major or minor recommendations (internal or external) that would allow the agency to operate more effectively and efficiently?

	Yes	No
RESTRUCTURING RECOMMENDATIONS:	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	South Carolina Sea Grant Consortium	
	P260	48

Is the agency in compliance with S.C. Code Ann. § 2-1-230, which requires submission of certain reports to the Legislative Services Agency for publication online and to the State Library? See also S.C. Code Ann. § 60-2-30.

REPORT SUBMISSION COMPLIANCE:	Yes	No
	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Is the agency in compliance with various requirements to transfer its records, including electronic ones, to the Department of Archives and History? See the Public Records Act (S.C. Code Ann. § 30-1-10 through 30-1-180) and the South Carolina Uniform Electronic Transactions Act (S.C. Code Ann. § 26-6-10 through 26-10-210).

RECORDS MANAGEMENT COMPLIANCE:	Yes	No
	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Is the agency in compliance with S.C. Code Ann. § 1-23-120(J), which requires an agency to conduct a formal review of its regulations every five years?

REGULATION REVIEW:	Yes	No
	N/A <input type="checkbox"/>	N/A <input type="checkbox"/>

Please identify your agency's preferred contacts for this year's accountability report.

AGENCY’S DISCUSSION AND ANALYSIS

The S.C. Sea Grant Consortium is committed to optimizing the balance among economic, social, and environmental potential of the state’s coastal and marine resources through the support of integrated research, education, and extension programs. The Consortium is also interested in addressing the uncertainty that change brings with it to the coastal region, and how we as a state and as a society can adapt and prosper. It does so by engaging the talents and expertise found at South Carolina’s leading academic and research institutions to increase our knowledge about the natural, cultural, and social environments of South Carolina and the region, and to use it to inform the decision-making process.

Strategic and Implementation Planning

The S.C. Sea Grant Consortium is currently operating under its new FY2018-21 Strategic Plan titled “The Changing face of South Carolina: Building a resilient Future” (<https://www.scseagrant.org/wp-content/uploads/SCSGC-FY18-21-Strategic-Plan-02-08-17.pdf>). The agency’s strategic plan has specific performance measures and target metrics for its three strategic administrative and management areas, which include (1) Planning, Program Management, and Overall Performance, (2) Connecting with Users, and (3) Human Resources. In addition, the Consortium has outlined specific vision statements, goals, objectives, strategies, performance measures and metrics for each of the agency’s five strategic programmatic focus areas: (1) Healthy Coastal Ecosystems, (2) Sustainable Coastal Development and Economy, (3) Weather and Climate Resilience, (4) Sustainable Fisheries and Aquaculture, and (5) Scientific Literacy and Workforce Development.

The Consortium's 2018-21 Strategic Plan is presently undergoing an update and revision based on guidance received for the National Sea Grant College Program office. The result will be a slightly modified document with additional attention paid to climate change, pandemics, and diversity and equity. IT will also be extended for two additional years, until FY23. These updates have been generated by the agency staff and vetted by the agency’s Program Advisory Board (PAB). We anticipate that the PAB will endorse the revised plan by September 16, 2020, and the document will be submitted to the Consortium Board of Directors for review and approval on September 30, 2020. The Consortium’s plan will then be submitted to the NOAA National Sea Grant Program Office (NSGO) for their review and approval. Programming related to the agency’s updated plan was initiated February 1, 2018 with the receipt of our new quadrennial Sea Grant omnibus program award from NSGO. This four-year plan includes several changes to the agency’s goals, objectives, and metrics, which will be reflected in our FY20-21 State Accountability report.

Performance Measures and Metrics

The Consortium's current Strategic Plan includes several dozen performance measures and metrics which are tracked on an annual basis. The Consortium’s FY19-20 State Accountability Report is focused on the goals and objectives, and the resultant outputs and outcomes, which make up its three strategic administrative and management areas. Updates on these metrics are presented to the Consortium Board of Directors (at its Board meeting), the State of South Carolina (through the agency’s State Accountability Report), and the NOAA National Sea Grant College Program (through formal reporting) on an annual basis.

Impacts and Accomplishments

Consortium research, extension, education, and communications activities conducted through its five strategic program focus areas will likely result in more than 50 economic, natural resource, policy and management, and social impacts and accomplishments in the state and region during FY19-20, but are too numerous to include in this report. Final compilation of the agency’s impacts and accomplishments will be completed on October 15,

AGENCY NAME:	South Carolina Sea Grant Consortium		
AGENCY CODE:	P260	SECTION:	48

2020. The compilation will be posted on the agency’s website soon thereafter, at <https://www.scseagrant.org/wp-content/uploads/FY19-20-Impacts-and-Accomplishments.pdf>.

Information Delivery

The Consortium has become a primary source of information for coastal and marine information and assistance. As an example, the Consortium’s Web site (<http://www.scseagrant.org/>) statistics continue to significantly increase. During FY19-20, the Consortium Web site received 91,165 hits, 41,621 unique, and 2,946 downloads (a significant decrease from FY18-19 due to a change in the methods of calculation). Starting in mid-June 2019, the Consortium’s website moved to a new content management system with an updated design. The new website’s analytics data is tracked through a different system, so we have changed the metrics we report to reflect the new data setup. Because of this, our year-over-year website totals cannot be compared this fiscal year, but will be able to be compared in subsequent years. The Consortium’s communications and education specialists produce award-winning and relevant products and services (e.g., *Coastal Heritage* magazine, the Consortium’s Web site, etc.). And the Consortium continued its successful e-news brief called *CoastalScience@Work* to keep key state leaders and decision-makers aware of Consortium programs, activities, and impacts.

Agency Staffing

The Consortium holds 14 state FTE positions, two of which were vacant as of June 30, 2020. In addition, the Consortium currently possesses five temporary grant positions.

Two recent staffing developments related to our efforts to build the capacity of the Consortium staff and the faculty and students of our member institutions to meet the ever-increasing demands by our constituents for our products and services are of note:

1. The agency recently hired Graham Gaines as our Living Marine Resources Program Specialist. The position is supported with federal core Sea Grant funding.
2. The agency also recently hired Brooke Saari as our Coastal Environmental Quality Program Specialist, which is supported with recurring state funding and matched with federal core Sea Grant funding.

The Consortium’s current agency organization chart is included at the end of this Report Submission Form.

Budget Situation and Future

The Consortium continues to foster efficiencies in its staffing. The agency has brought in young talent and fresh thinking (to fill key staff vacancies created due to retirements), who have complemented the remaining veteran staff, and the Consortium is providing more formal graduate student internship experiences to assist its administrative and professional staff with programming and projects. The Consortium has recently been able to secure budget increases in state recurring funds to leverage federal Sea Grant funding to enhance its capabilities and expertise in coastal resilience and resource economics. The Consortium’s state appropriation (recurring funds) increased from \$727,462 in FY18-19 to \$736,496 in FY19-20, reflecting a budget increase to support the agency’s employee pay plan and insurance adjustments. The Consortium Board did not seek additional funding from the state for FY19-20.

Agency leadership recognizes that the state budget situation for future years will be limited by resource availability, and in addition by pressures due to COVID-19, and thus discussions about means by which Consortium support can be sustained, increased, and diversified will continue with the Consortium’s Board of Directors, Program Advisory Board, and the S.C. General Assembly.

AGENCY NAME:	South Carolina Sea Grant Consortium		
AGENCY CODE:	P260	SECTION:	48

Extramural Funding and the State Budget

The Consortium continues to demonstrate its ability to secure competitive extramural funding for its programs, which tempers its need to approach the S.C. General Assembly for state funding. At the federal level, the NOAA National Sea Grant College program received a FY20 appropriation of \$87 million, \$7 million more than its FY19 appropriation. Of that amount, Congress directed Sea Grant to allocate \$12 million to aquaculture research and outreach.

Total extramural support secured by the Consortium during FY19-20 was \$1.89 million. The Consortium’s modest but significant increases in its extramural support and growth is expected to continue.

Return-on-Investment

The Consortium continues to be successful in securing additional state recurring funds over the past five years which enables it to meet both the administrative and programmatic needs of the agency, and thus address the growing needs of its diverse constituencies. Over the last 10 years, the Consortium has secured ~\$27,183,000 in non-state competitive funding from a state investment of ~\$5,216,000, a 521% return to the state. Over the last five years, the Consortium’s annual Return-on-Investment is as follows:

<i>FISCAL YEAR</i>	<i>STATE</i>	<i>NON-STATE</i>	<i>TOTAL</i>	<i>RETURN-ON-INVESTMENT</i>
2015-16	\$ 615,636	\$2,323,019	\$2,938,655	377%
2016-17	\$ 655,636	\$2,194,155	\$2,849,791	347%
2017-18	\$ 671,118	\$2,298,644	\$2,969,762	343%
2018-19	\$ 727,461	\$1,645,976	\$2,373,437	226%
2019-20	\$ 736,496	\$1,891,076	\$2,627,572	257%

External Evaluation of the S.C. Sea Grant Consortium

The most recent external Sea Grant evaluation of the Consortium occurred on August 6-8, 2019. The purpose of the 2019 site review visit was to evaluate our Sea Grant program’s management and organization, stakeholder engagement, collaborative network activities, and program performance over the period FY14-17. *The Consortium was highly rated by the Site Review Team (SRT), which determined the Consortium meets the “standards of excellence” expected of all Sea Grant programs.*

On July 31, 2020, the Consortium received its final performance assessment letter from the Director of the NOAA National Sea Grant College Program. The assessment stated the Consortium “did an excellent job bringing in diverse partners and stakeholders highlighting South Carolina Sea Grant Consortium’s role as an intellectual leader within the State. The South Carolina Sea Grant Consortium was viewed as nimble, flexible, adaptable, and relevant. The Program works seamlessly across jurisdictional boundaries to address issues of regional importance and is recognized as an honest broker of information and assistance for coastal and ocean issues. is a well-managed, cost-effective and impactful program that provides valuable services to your stakeholders and your successes contribute to the strength of the National Sea Grant College Program.” And while the Site Review Team had several suggestions for improvement, it had no substantive recommendations.

As a result of this positive outcome, the S.C. Sea Grant Consortium will receive an increase in its base budget of 12.5% along with an increase in its merit fund allotment of 37.7% as a result of both this review and several adjustments made by the National Sea Grant Office over the past two years. As a result, The Consortium’s new base/merit fund budget will now total \$1,514,692 per year for the next six years; a 15% overall increase, to begin with the FY2022 fiscal year and extending through FY2027 (pending, of course, on the availability of federal funds each year).

AGENCY NAME:	South Carolina Sea Grant Consortium		
AGENCY CODE:	P260	SECTION:	48

Risk Assessment and Mitigation Strategies

The Consortium is constantly engaged in short-term and long-term analyses of its programs and activities, in part as a result of its experience with gubernatorial vetoes earlier this decade and more recently with federal administration proposals to “zero-out” the NOAA National Sea Grant College Program. Through these experiences, the agency has been building awareness among state and national leaders to the Consortium’s numerous, extremely diverse, and supportive cast of stakeholders, constituents, and communities, including the state’s General Assembly and our U.S. Congressional delegation, with whom we partner, serve, and depend. It is this support that enables the NSGO and the Consortium to survive these recent challenges, and it has made the agency much stronger and certainly more accountable.

What the state would lose with the Consortium’s demise would be what the National Sea Grant Site Visit team stated is the Consortium’s (1) status as the “go-to” agency in the state for coastal and ocean information and assistance, (2) efforts in developing a huge reservoir of involved stakeholders, and (3) standing as a neutral party capable of brokering solutions to issues. The state and its citizens would also lose a significant return on its investment, both in financial and societal terms.

Restructuring Recommendations

We have no recommendations for restructuring at this time.

1	Proviso 48.1	State	FY 2019-20 Proviso	Allows the agency to use funds that are generated by the sale of pamphlets, books, and other promotional materials, the production of which has been paid for by non-state funding, as other funds for the purchase of additional pamphlets, books, and other promotional materials for distribution to the public.	Yes	Yes	Other service or product our agency must/may provide	Pamphlets, books, and other promotional materials
2	U.S. Code, Title 33, Section 1121 et seq. (National Sea Grant College and Program Act of 1966, as amended).	Federal	Statute	This legislation authorizes the establishment and operation of sea grant colleges and programs to increase the understanding, assessment, development, management, utilization, and conservation of the Nation's ocean, coastal, and Great Lakes resources. Sea Grant provides assistance to promote a strong educational base, responsive research and training activities, broad and prompt dissemination of knowledge and techniques, and multidisciplinary approaches to environmental problems. There are presently 33 Sea Grant College Programs in the United States.	Yes	Yes	Other service or product our agency must/may provide	Coastal and marine-related science-based information, advisory services, education, and program management and support
3	Code of South Carolina: Title 48, Chapter 45, Section 48-45-10 (1978 Act No. 643, Section 1.)	State	Statute	Creation of consortium. There is hereby created the South Carolina Sea Grant Consortium (consortium).	Yes	Yes	Other service or product our agency must/may provide	Coastal and marine-related science-based information, advisory services, education, and program management and support
4	Code of South Carolina: Title 48, Chapter 45, Section 48-45-20 (1978 Act No. 643, Section 2; 1987 Act No. 71, Section 1.)	State	Statute	Purpose of consortium. The principal purpose of the consortium is to provide a mechanism for the development and management of the Sea Grant Program for South Carolina and adjacent regions that share a common environment and resource heritage. The consortium serves to support, improve, and share research, education, training, and advisory services in fields related to ocean and coastal resources. The consortium further encourages and follows a regional approach to solving problems or meeting needs relating to ocean and coastal resources in cooperation with appropriate institutions, programs, and persons in the region.	Yes	Yes	Other service or product our agency must/may provide	Coastal and marine-related science-based information, advisory services, education, and program management and support
5	Code of South Carolina: Title 48, Chapter 45, Section 48-45-40 (1978 Act No. 643, Section 4; 1987 Act No. 71, Section 2; 1993 Act No. 181, Section 1237.)	State	Statute	Membership; terms. The membership of the consortium consists of The Citadel, the College of Charleston, Clemson University, the Medical University of South Carolina, South Carolina State College, the University of South Carolina, and the Department of Natural Resources. These members are designated as charter members. The terms of the members are perpetual, and a majority of the charter members may vote the admission of a new member into the consortium.	Yes	Yes	Other service or product our agency must/may provide	Coastal and marine-related science-based information, advisory services, education, and program management and support
6	Code of South Carolina: Title 48, Chapter 45, Section 48-45-50 (1978 Act No. 643, Section 5; 1987 Act No. 71, Section 3.)	State	Statute	Board of directors. The board of directors for the consortium consists of the chief executive officer of each of the participating educational institutions and state agencies or the officer's designee.	Yes	Yes	Other service or product our agency must/may provide	Coastal and marine-related science-based information, advisory services, education, and program management and support
7	Code of South Carolina: Title 48, Chapter 45, Section 48-45-60 (1978 Act No. 643, Section 6; 1987 Act No. 71, Section 4.)	State	Statute	Officers. The officers of the board are the chairman and vice-chairman. These officers must be elected annually by members of the board but may not serve more than two consecutive terms.	Yes	Yes	Other service or product our agency must/may provide	Coastal and marine-related science-based information, advisory services, education, and program management and support

8	Code of South Carolina: Title 48, Chapter 45, Section 48-45-70 (1978 Act No. 643, Section 7; 1987 Act No. 71, Section 5.)	State	Statute	Consortium Director; powers and duties. (A)The board has the power to employ an executive director to be known as the Consortium Director. The salary and fringe benefits appropriated to the position must be derived from funds directly assigned to the consortium for this purpose by the General Assembly. (B) The director has the following powers and duties to: (1) direct supervision over all consortium proposals; (2) prepare consortium proposals to be submitted to interested agencies; (3) prepare an annual summary of all submitted proposals; (4) negotiate funding levels for proposals submitted by member institutions; (5) provide an accounting to the board of the director's development funds; (6) request and receive funds from local, state, federal, and private sources for use by the director, consortium, individual member institutions, or other persons; (7) gather, maintain, and make available to interested persons natural resource information from state and federal agencies, higher education institutions, and any other appropriate entity; (8) designate the location of the consortium office, subject to the approval of the board; (9) exercise all incidental powers necessary to carry out the provisions of this chapter.	Yes	Yes	Other service or product our agency must/may provide	Coastal and marine-related science-based information, advisory services, education, and program management and support
9	Code of South Carolina: Title 48, Chapter 45, Section 48-45-80 (1978 Act No. 643, Section 8; 1987 Act No. 71 Section 6; 1993 Act No. 181, Section 1238; 2008 Act No. 273, Section 9, eff June 4, 2008.)	State	Statute	Advisory committee; members; terms. There is hereby created an advisory committee to the Consortium Director to consist of seven members who shall serve for terms of four years and until their successors are appointed and qualified. Four members must be appointed by the Governor. The chairmen of the Senate Fish, Game and Forestry Committee, House Agriculture and Natural Resources Committee, and Department of Natural Resources Board shall each appoint one member upon the recommendation of a majority of the members of their respective committees and commissions. The four members appointed by the Governor must be residents of coastal counties, no more than one from each county, and two must be associated with the commercial fishing industry.	Yes	Yes	Other service or product our agency must/may provide	Coastal and marine-related science-based information, advisory services, education, and program management and support
10	Code of South Carolina: Title 48, Chapter 45, Section 48-45-100 (1978 Act No. 643, Section 10.)	State	Statute	Effect of consortium on member institutions and commissions. Membership in the consortium shall be in no way infringe upon the autonomy of any member institution or commission. The consortium shall have no authority or control in the budgeting or financial affairs of member institutions or commissions.	Yes	Yes	Other service or product our agency must/may provide	Coastal and marine-related science-based information, advisory services, education, and program management and support
