Grades K - 5

Weekly Writing Prompt #10

Ocean Literacy Principle #7

The ocean is largely unexplored.

Background Info

Ocean exploration is truly interdisciplinary. It requires close collaboration among biologists, chemists, climatologists, computer programmers, engineers, geologists, meteorologists, physicists, animators, and illustrators. These interactions foster new ideas and new perspectives for inquiries.

My Ocean Science Journal

Weekly Writing Prompt #10

What Do You Think?

In ocean science, all kinds of people have to work together. Why is it important for different groups of people to work together? Do you work together in school with friends who are different from you?

Write your response here:
